Specifications for Referee Stands

VB73A REFEREE STAND WITH PADS

MODEL NO. VB73A

Shall be of tubular steel construction with steel platform. Stand shall attach to the upright by means of a heavy-duty steel clamp with rubber pads to protect the upright. Clamp shall close by means of a ratchet-style mechanism, and shall fold away when not in use. Stand shall have wheels to allow for easy transport, and shall have non-slip rubber floor pads. Stand shall have adjustable legs allowing for platform adjustments from 47" to 53". **Available in Gray, Black, Scarlet, Maroon, Royal Blue, and Navy Blue padding.**
