**Attachments:** NTSMiller2014.pdf; NTSExecSumAndEcon1.1.14.pdf; SterwardApplicaitonFillable.pdf

January 6, 2014

Dear Chairman Miller,

I'm writing you today in effort to obtain a letter of support for Nevada's outdoors. I believe my organization can fill an essential need, while increasing the \$1.6 billion economic impact of Nevada's Off Highway Vehicle industry. That's right, over \$5.5 million dollars infused daily by Nevada residents, add another \$1 billion annually to tourism from out of state Off Highway Vehicle enthusiasts. Working toward Nevada's goal of creating a World class destination Off Highway Vehicle urban interface, along with some promotion and facilitation, bringing 10,000 new jobs to Nevada, is a very real prospect.

The Nevada Trail Stewards are a group of well managed volunteer enthusiasts representing over 50 Off Highway Vehicle organizations in Nevada, able to provide outreach, trail management, improvements, mapping, and other services in conjunction with many federal and state agencies. Current trail and route mapping projects are underway and seeking funding. We know this is a key to economic growth in Nevada.

I have attached an Executive Summary along with the Economic Impact Memo, and would like your support for this organization and Nevada. We will be proposing grants for the Nevada Trail Stewards to the Nevada Off Highway Vehicle Commission on, Friday January 10<sup>th</sup>. Your letter of support would be greatly appreciated by then.

Sincerely,

Gary Lambert  
Founder Nevada Trail Stewards

Sincerely,

Scott Gerz  
Executive Director  
Nevada Trail Stewards  
(775) 235-8NTS
